WILSON COMES HOME LAST OF MONTH HUTIN BELIEVES ENEMY WILL SIGN UP SAYS INFLUENZA IS EASY TO HANDLE

By the Associated Press.
Washington, June 17.—President Wilson hopes to leave Paris for Washington on June 24 or 25 if the Germans sign the peace treaty. Immediately after his arrival in Washington the president will address congress. After clearing up pressing official business, he will start around on his "swing around the circle" early in July.

It was said at the white house today that the president expected to spend three weeks on his speaking tour explaining the peace treaty and the league of nations covenant. He expected to visit the principal American cities.

The president has made known a desire that his audiences during his tour be composed largely of the opponents of the league of nations plan, rather than its supporters.

He also advised white house officials that he probably would discuss the covenant before a joint session of congress.

Should he leave Paris a week from tomorrow, the president should arrive in Washington about July 3. He will present a revised draft of the peace treaty to the senate and will discuss the treaty and the league covenant.

CONSIDER SPEEDING AT COUNCIL MEETING

The question of speeding and automobile driving in general will be taken up by city council tonight with a view to closing down on those persons who are habitually reckless in the operation of their machines. Accidents are occurring rather frequently these days and with the ever increasing number of automobiles, the chances for accidents are increasing. A narrow escape was had yesterday afternoon by a young woman, it was said today.

Prof. and Mrs. J. B. Craven of Le noir were in Hickory this morning.

By the Associated Press.
Paris, June 17.—(Havas Agency)—The majority of the members of the peace conference believe Germany will not sign the peace treaty, according to Marcel Hutin of the Echo de Paris, who made a canvass of a number of the leading personalities of the peace making body. Only one of the leaders, M. Hutin declares, expressed the opinion the Germans would accept the revised peace treaty. This member, however, is one whose opinion the writer respects.

The delegate in question, M. Hutin explains, based his opinion that the Germans will sign the treaty on the fact that they have knowledge that at yesterday's meeting of the council of four a complete agreement was reached on the consequences which would follow Germany's refusal of the peace proposed.

They were aware, the delegate pointed out, that peace then would be imposed by force in accordance with President Wilson's Baltimore speech and that orders had been given for an allied force of 600,000 men, supported by heavy artillery of hitherto unrevealed power, to begin an advance on the enemy at the expiration of the time limit.

Confronted by such realities which alone count with them, the German government in the national assembly at Weimar, in the delegate's opinion, would accept the inevitable.

NO PROTEST AGAINST JAUNT INTO MEXICO

By the Associated Press.
Washington, June 17.—State department officials said today no protest against the sending of American troops into Mexico to disperse the Villistas attacking Juarez had been made on behalf of the Mexican government.

By the Associated Press.
New York, June 17.—Influenza and pneumonia are no more to be feared than a boil on the back of the neck, according to Dr. Chas. H. Duncan, one of the founders of the Volunteer Hospital who, in an address here today before the convention of the allied medical association of America, described his method of combatting the disease by means of "immunizing a patient to his own poison." Upon 246 patients ill with pneumonia and influenza last winter, Dr. Duncan said he had used the treatment "without a single fatality or any complication."

"Briefly," the doctor said, "I take one drachm of mucus from the infected area and pasteurize it in one ounce of filtered water where it remains several hours. One cubic centimeter of this toxine injected subcutaneously will effect a spontaneous cure of Spanish influenza, pneumonia, catarrh or any similar localized infections. It will stop any cough except tuberculosis inside of 24 hours."

TURKS ARE NEXT TO RECEIVE TERMS

By the Associated Press.
Paris, June 17.—The council of ten of the peace conference received the Turkish peace mission this morning. The Turkish delegates headed by the grand vizier, motored from their headquarters accompanied by French officers.

The Ottoman representatives are here purely in the capacity of experts and today's meeting was especially for the purpose of setting forth the Turkish situation to the conference. The meeting, which was a secret one, lasted an hour.

Postmaster Bagby went over the rural routes last week with the mail carriers and he learned to spot the farmer who takes a daily paper. A clover field was the best sign, but the general appearance of the farm, Mr. Bagby said today, was an index as to whether the owner was a reader of a daily newspaper.

Mr. Bagby has the thing worked out pretty well in his own mind. A man who reads, as Bacon remarked, is bound to do some thinking; the more a man reads the better farmer he is. That is judging from the number of papers he receives in his box. "I hadn't been out long," said Mr. Bagby, "before I could spot the house that was visited by a daily newspaper, and I would remark to the carrier I was with that he would leave a paper at a designated box. That was invariably true. I looked at the clover fields along the road and the general marks of progress. It was easy to tell. The farmer who reads much is a better farmer and there is a certain appearance around his home that is unmistakable."

Mr. Bagby also noted the roads in the county and he was surprised at the lack of good highways except the main thoroughfares. He was convinced that the bond issue is needed to give farmers roads to haul their produce. A farmer can haul only the load he can move from the secondary roads to the primary roads and the township roads are bad. They need improving. Farmers also are interested in road improvement and the bond issue has many supporters in the county.

Mrs. W. B. Ramsay left this morning for Durham where she will make an address before the Woman's Auxiliary of the Presbyterian church.

Mrs. W. A. Hawn and daughter Lucile left this morning for Richmond, Va., to visit Mrs. Hawn's brother, Mr. Kirby S. Little.

By the Associated Press.
Weimar, June 17.—The new allied terms reached here late last night and the first apparent effect upon the German leaders was that of depression. A report passed rapidly through the old castle in which the assembly is held that the signing of the peace terms by Germany was highly improbable.

Every official and every member of the foreign office available expressed the deepest pessimism and resentment at the alleged cruelty of the terms.

The Germans were especially embittered over a report that a French mob had stoned the helpless German delegates at Versailles.

STIKELEATHER AT COURTHOUSE IN NEWTON

Mr. J. G. Stikeleather of Asheville, member of the state highway commission, will meet the board of county commissioners in the court house at Newton tomorrow night at 8:30 for the purpose of discussing the Catawba road bond election on July 12.

Mr. Stikeleather would be glad to meet all persons who are interested in the road proposition, and it is expected that a large crowd will be in Newton tomorrow night.

WHY THESE OFFICERS ARE SO UNPOPULAR

Coblentz, May 17.—Correspondence of the Associated Press.—The most unpopular officers among the Germans in Coblentz are Major George Cockrell, assistant provost marshal, and Captain Theodore F. Fieker, in charge of the billeting office which must furnish accommodations for something like eleven hundred officers and thousands of soldiers. Major Cockrell, whose home is in St. Paul, is in command of more than twelve hundred military police and five to twenty or more Germans pass through his office every day on their way to jail. So among the civilians who buy stolen American food and who try to sell cognac to American soldiers and commit other acts contrary to army regulations Major Cockrell is a most unpopular man.

Sometimes he receives threatening notes and also letters in German with skull and crossbones on the bottom of the page but they do not frighten him in the least. It's all a part of the job, the major says.

Captain Fieker, who lived in Chicago before he went to war, has been going about Coblentz for five months selecting choice billets for generals and other officers and for the soldiers too. And so most all the civilians in Coblentz have had a glimpse of Captain Fieker from time to time and they do not like him one bit. Many of them tell him so, in a nice way of course, each time he comes around. Every house in the city has been listed in Captain Fieker's office, and he knows just how many members there are in each family and when there is a spare bedroom or two handy he takes it over for a general, a colonel, a major, a captain or a lieutenant, according to the furnishings and the location of the home. Being unpopular is incidental to the duties of the billeting officer. But the work appears to agree with him. Since he came to Germany with the army of occupation Captain Fieker has gained ten pounds.

BACK FROM FRANCE

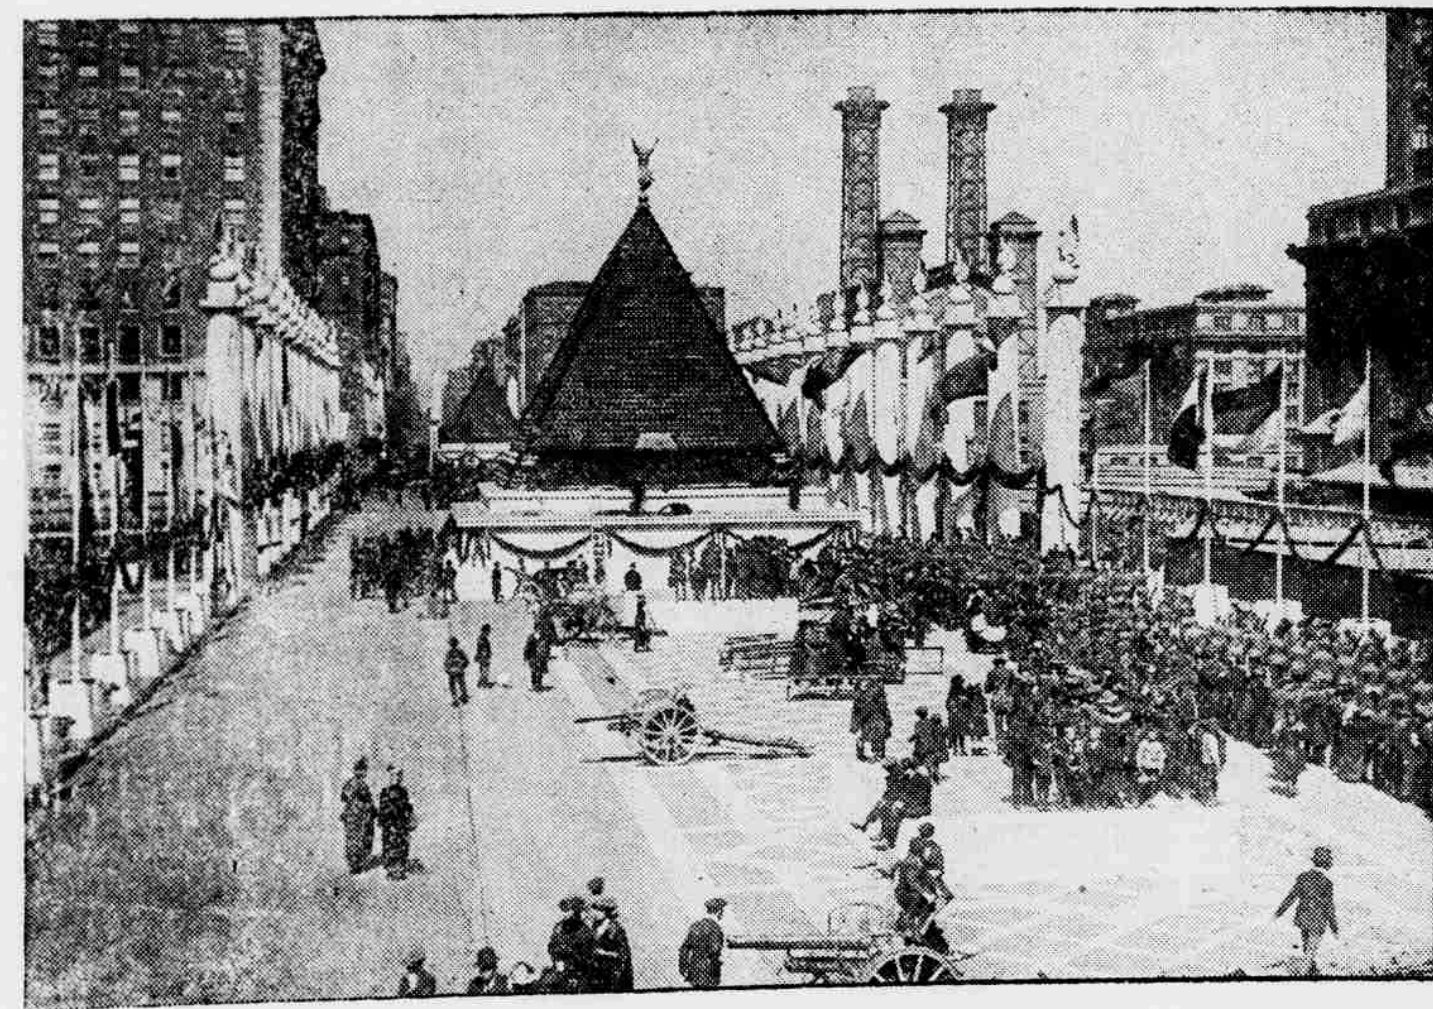

Mr. Charlie Dellinger, another popular young Hickory boy has returned from overseas. Young Dellinger enlisted in the aviation service at the outbreak of the war and received his training in Texas. He was in the Somme, Flanders, Leige, Argonne, Meuse, and St. Mihiel sectors in France and saw sixteen months of service over there. His many friends were gladly greeting him this morning.

McCall-Lynch

Announcements were received in the city this morning of the marriage of Miss Effie Alice Lynch and Mr. William Arthur McCall at Washington, D. C. The bride is well known in Hickory where she frequently visited Miss Annie Stevenson and Mrs. A. L. Whitener. She is a sister of Mrs. D. M. Cline of Granite Falls and taught there several years ago.

Col. Thornton was at Asheville yesterday. He will have an announcement to make about some of the most important real estate in Hickory in a few days.

Mr. Earl Sisk of Gastonia was a Hickory visitor today.
